Manager data provided by

The annual Hedgeweek US Awards recognize excellence among fund managers and service providers in the US across a wide range of categories

Voting for the awards is conducted via an online poll of the entire Hedgeweek userbase, where participants are asked to make their choice among the shortlisted firms in each category.

The manager categories cover a wide spectrum of investment strategies and fund types– encompassing the hedge fund, multi-manager, and liquid alternatives universes. The service provider categories span all the key areas of the broader hedge fund industry ecosystem.

Methodology

The pre-selection data for the fund manager shortlisted was provided by Bloomberg. Candidates in all categories and asset size groupings were determined as follows:

The **hedge fund manager award categories** include US-based single-manager and multi-manager hedge funds with a track record of more than 3 years and over \$50 million (except the Smaller Hedge Fund Category, which can be up to \$50m) in AuM.

The **liquid alternatives manager award categories** include US single-manager funds employing a hedge-fund-like strategy outside of the traditional hedge fund structure with a track record of more than 3 years and over \$50 million in AuM.

For the **service provider categories**, the nominated firms are based on a widespread survey of more than 500 fund managers and other key industry participants.

Nominations for all categories are based on annualized performance over a 12-month period from May 31st, 2022 to May 31st, 2023. Nominations in various award categories are further split by size and strategy as specified in the award name.

Managers will only be considered for selection if they report performance data to Bloomberg. To find out more about this process, please contact: events@hedgeweek.com.

Why should you participate?

For all the key constituents in the hedge fund industry – managers, investors, and service providers – the Hedgeweek US Awards provide a unique insight as to the most highly-regarded and successful fund managers and service providers in the hedge fund space. Based on voting from within the industry itself, the results help you to make decisions and choices that add value to your business.

For Investors

Knowing which hedge fund managers have outperformed in different types of investment strategies – and which service providers are rated most highly in various areas – is essential for investors. Help us to understand which firms have impressed you most.

For Fund Managers

Identifying, and working with, the best-in-class service providers across the hedge fund space is a key ingredient to the success of any alternative investment firm. Tell us which counter parties you rate most highly – and why.

For Service Providers

Understanding which hedge fund managers are strongest in the hedge fund space, and how the competition stacks up in your own areas of expertise, gives you vital business intelligence. Play your part in enabling us to identify who most deserves recognition.

Branding

Hedgeweek offers all nominees and winners the platform to increase their brand awareness during and after the awards process, highlighting their achievements

Recognition

Voted for by participants within the hedge fund industry itself, the awards are a badge of honour – marking recognition and respect among peers and counterparties

Benchmarking

The annual awards provide firms with an opportunity to assess their progress and standing within the industry, across all the key areas in which managers and service providers operate

Differentiation

With investor interest in hedge funds still strong despite the current challenges, it is more important than ever to know how you are perceived and where you stand out
